

MUET MODEL TEST PAPERS [FC069022] 2022 edition (updated 14/3/2023)

Page	Comments (Errors)	(Corrected version)
Model Test 2. Pg 25, Q26	<p>Wrong use of pronoun</p> <p>26 The hotel guest reconfirmed the receptionist's name because she wanted to</p> <p>A recommend him to other hotel patrons.</p> <p>B make a note of his character for the book she is writing.</p> <p>C write a commendation letter to the hotel about his good service.</p>	<ul style="list-style-type: none"> Replace with 'her' <p>26 The hotel guest reconfirmed the receptionist's name because she wanted to</p> <p>A recommend her to other hotel patrons.</p> <p>B make a note of her character for the book she is writing.</p> <p>C write a commendation letter to the hotel about her good service.</p>
Model Test 4, pg 75	<p>The question should end at 26 only.</p> <p>8 Farrah Hauke, Psy.D., a psychologist in Scottsdale, Arizona who specialises in weight loss, agrees and adds that we are more likely to binge when we are overly restricting what we eat. Plus, when we eat foods higher in fat or sugar, our brains release "feel-good" chemicals that make these experiences rewarding. Dr. Hauke says, "We don't see this same brain stimulation with 'diet foods' such as broccoli and grilled chicken breast," Dr. Hauke says.</p>	<ul style="list-style-type: none"> The text has been amended. Questions end at no 26 only. <p>8 Farrah Hauke, Psy.D., a psychologist in Scottsdale, Arizona who specialises in weight management and weight loss, agrees and adds that we are more likely to binge when we are overly restricting what we eat. Plus, when we eat foods higher in fat or sugar, our brains release "feel-good" chemicals that make these experiences rewarding. "We don't see this same brain stimulation with 'diet foods' such as broccoli and grilled chicken breast," Dr. Hauke says.</p>
Model Test 1, pg 16	<p>Wrong line number inserted in the question.</p> <p>30 What is the word <i>exposure</i> being used to refer to in line 30?</p> <p>A Level of PFAS in products</p> <p>B Effects of PFAS on the human health</p> <p>C Consumption and contact with products containing PFAS</p> <p>D Certain food, paint and clothing products that contain PFAS</p>	<ul style="list-style-type: none"> Corrected line number in the question <p>30 What is the word <i>exposure</i> being used to refer to in line 29?</p> <p>A Level of PFAS in products</p> <p>B Effects of PFAS on the human health</p> <p>C Consumption and contact with products containing PFAS</p> <p>D Certain food, paint and clothing products that contain PFAS</p>
