

PETA KONSEP CONCEPT MAP

BIOLOGI DAN ORGANISASI SEL CELL BIOLOGY AND ORGANISATION

Struktur dan fungsi sel Cell structure and function

Sel haiwan
Animal cells

Sel tumbuhan
Plant cells

Komponen sel
Cell components

Komponen sel
Cell components

Nukleus / *Nucleus*

Mitokondrion / *Mitochondrion*

Ribosom / *Ribosome*

Sitoplasma / *Cytoplasm*

Vakuol / *Vacuole*

Proses hidup organisma Living processes in organism

Organisma unisel
Unicellular organism

Amoeba sp.

Paramecium sp.

Organisma multisel
Multicellular organism

Sel khusus
Specialised cell

Kaitan struktur dan fungsi sel
Relation of structure and cell function

Kepadatan organel tertentu dalam sel khusus
The density of certain organelles in specialised cells

Aras organisasi Levels of organisation

Urutan
Sequence

Sel
Cell
