

EXTRA PRACTICE 5(B)

Write the paragraphs into the correct space to form a coherent informal letter.

It would be great if you could come visit	Perhaps I'll even put a deck chair so that I can spend the evenings sitting and reading a book outside
We've been busy moving into our new house	I can't wait to go skateboarding there
She's already started planting flowers	I can just take a slow walk there instead of rushing for the bus like I used to

Dear Mun Soon,

How are you? _____ (1). It's a double-storey semi-d. I must say it's quite different from living in a condo.

For one, the house is nearer to my school. _____ (2). Another thing is that I have my very own room. It's huge and I have my own balcony. I am planning to put some potted greens to spruce it up. _____ (3).

Mum's pleased with her roomy kitchen while dad's delighted with his study room. Grandma is just as pleased as she has a garden to tend to. _____ (4).

There are many amenities nearby including a supermarket, two banks, a small hawker centre and a park. _____ (5).

What will you be doing this holiday? _____ (6). You could spend a weekend here.

Do let me know.
